

Solar cells for projects Cayman Islands

What is Grand Cayman's first commercial solar project?

Grand Cayman's first commercial solar project, a 5 MW Solar Farm, was completed and commissioned in 2017. It is connected to the Company's Bodden Town Substation and provides energy to power approximately 800 homes with clean renewable solar energy.

Is Cayman the perfect place to harness solar energy?

Significant improvements are being made in the solar energy industry every year and Cayman is the perfect location to harness the power of the sun. Solar energy can be harvested in two ways: solar photovoltaic (PV), which converts sunlight into electricity and solar thermal, which heats water.

Are solar panels duty-free in Cayman?

However, renewable energy equipment, such as solar panels, are in fact duty-free for residential homeowners. Although Cayman enjoys over 300 days of sunshine, you will need to consider an alternative source of power should there be no sun. One such option is the Tesla Powerwall battery.

What to do in Cayman if there is no sun?

Although Cayman enjoys over 300 days of sunshine, you will need to consider an alternative source of power should there be no sun. One such option is the Tesla Powerwall battery. These rechargeable lithium-ion batteries are wall mounted and can be stored either outside your home or inside your garage.

Utility scale defined at 5MW: This means mid-size projects - larger than a residential rooftop but smaller than a solar farm - may not be required to go out to an open market tender, opening ...

Ideally tilt fixed solar panels 17°; South in West Bay, Cayman Islands. To maximize your solar PV system's energy output in West Bay, Cayman Islands (Lat/Long 19.3825, -81.3933) throughout the year, you should tilt your panels at an angle of 17°; South for fixed panel installations.

Solar & Batteries Projects in the Cayman Islands. In the Cayman Islands, several regions and cities have emerged as popular locations for installing solar panels and battery storage systems due to a combination of environmental factors, energy needs, and governmental support for renewable energy adoption.

GreenTech Solar is the exclusive dealer for SunPower products in the Cayman Islands and a Caribbean regional provider. SunPower's award winning solar panels are quite simply the finest solar products available on the market today ...

While it may not be a huge project by some standards, the official commissioning of the first solar farm in the Cayman Islands has been called a historic event. Earlier this week, the 5MW Bodden Town Solar Farm was symbolically switched on (it had been operating for a few weeks) by Caribbean Utilities Company (CUC)
