Everything from receiving a quote for Solar panels until installation went smooth. The installation was carried out within a week. The communication and the installation was carried out in very professional manner. Special thanks to Ilias and the entire installation team of Solar Fast. Date of experience: October 04, 2024

Solar Panels - Photovoltaic panels contain tiny cells that contain electrons that jiggle about and generate electricity when hit by daylight. Most panels contain 60 or 72 cells. However, unlike a lot of solar companies, Solar Fast only installs 108 Half Cell Tier One solar panels - because they are stylish, most efficient and reliable.
