Why are solar panels a good investment? Solar electric panels feature a 25 year output warranty and will likely last for 30 years or more. This means the Ecohome Solar system you install today will produce free and reliable electricity for decades to come. As an investment in your home, your system will enhance its value while delivering clean ...

While individual systems may vary, their core functionality remains the same. To explain the process of how a solar panel captures sunlight and converts it to energy, here is a 5-step guide to how solar works. SOLAR PANELS & PHOTOVOLTAIC (PV) CELLS: Each solar panel houses numerous photovoltaic (PV) cells.

If you pay for your system with cash, you'll save about \$13,492 over 25 years (the warranty term of most solar panels) on electricity costs with a 5 kW system in Saint George, UT. We generate this estimate based on real solar quote data from our Marketplace. It considers your system's cost, the federal tax credit, and inflation rates.
