Solar panels costs South Georgia and South Sandwich Islands

Alternative energy sources such as wind, geothermal, hydro and solar have grown increasingly popular as ways to reduce greenhouse gas emissions and strengthen the grid by decentralizing power production. Solar energy, which converts energy from the sun into thermal or electrical power, is rapidly expanding across America and the world.

Solar panels reflect the afternoon sky on top of Lamoine Consolidated School Aug. 12. The panels are expected to save the town more than \$600,000 in energy costs over their 40-year lifespan.
