Solar service Greenland

Day 5: Tundra, mountains, and icebergs. As we approach Greenland, we may sail through the sea ice into Foster Bay and land at Myggebugtten. Beyond the old hunters' hut (where Norwegian trappers hunted for polar bear and Arctic fox in the first half of the 20th century), there is a sprawling tundra populated by musk oxen, with geese floating the small lakes.

Greenland Solar was established in 2018. During these years, we have developed breakthrough capabilities to best serve our customers and provide them with a one-stop service for all their solar energy needs. Our main aim is to bring ...
