

Solar service in mysore Mozambique

The state-owned company Eletricidade de Moçambique plans to invest \$110.6 million (EUR102 million) with private companies to install a 60 MW solar power plant next to the Corumana dam in Maputo province. According to the technical summary of the environmental impact study in public consultation, to which Lusa had access on Friday, this project involves...

A solar water heater consists of a flat plate solar collector, a storage tank (kept at a height behind the collector), and connecting pipes. The collector is comprised of copper tubes welded to copper sheets (both coated with a highly absorbing black coating) with a toughened glass sheet on top, insulating material at the back, and the entire assembly placed in a flat box.
