Who is Solgen power?

Solgen Power is a solar energy contractor that sells and installs solar for homeowners. Solgen Power has been recognized by INC. 5000 as one of the fastest growing companies in the nation. Solgen Power has grown nationwide and continues to provide excellent customer service to homeowners. Who Does the Install? How Long Does it Take?

Why should you choose Solgen power?

Solgen Power only provides high graded installation to make sure we customers are satisfied with their solar panels. Installations are done by professionals and is warranted for 25 years. Our installation can withstand all types of harsh environments like rain, snow, hail, and heavy winds.

What is the difference between a diesel generator and Solgen?

Traditional diesel generators typically run 24/7 consuming fuel and spewing emissions even when very little power is required. In contrast, SolGen provides power only as the site demands. Energy comes primarily from solar either directly or stored in lithium-ion batteries.

What is the difference between Solgen and a solar generator?

In contrast, SolGen provides power only as the site demands. Energy comes primarily from solar either directly or stored in lithium-ion batteries. The generator will only auto-start either if the battery level drops or if power demand exceeds inverter capacity, resulting in a vastly reduced generator run time and massive fuel cost savings.

Can Solgen power call or Text Me?

By providing your contact information and clicking the button above, you agree and consent that Solgen Power, its affiliates and consultants may CALL/TEXT you in regards to appointments, products or services. Your consent to SMS TEXT is not required for a free quote.

How does Solgen work?

SolGen offers a massive reduction in fuel costs, saving over \$700 per week on some typical sites, plus lower generator servicing costs. SolGen's powerful solar array harvests maximum energy, cutting generator use drastically - up to 100% during summer months. Slash CO2 and other harmful emissions on site.
