

# South Sudan freyr battery

Where is Freyr based?

FREYR has commenced building the first of its planned factories in Mo i Rana, Norway and announced potential development of industrial scale battery cell production in the United States and Vaasa, Finland. FREYR intends to install 50 GWh of battery cell capacity by 2025 and 100 GWh annual capacity by 2028 and 200 GWh of annual capacity by 2030.

Where is Freyr battery located?

NEW YORK & OSLO & NEWNAN, Ga.- FREYR Battery (NYSE: FREY) ("FREYR" or the "Company"), a developer of clean, next-generation battery cell production capacity, has provided an update this morning on the Company's operational progress at the Customer Qualification Plant ("CQP") in Mo i Rana, Norway.

Who is Freyr battery?

FREYR Battery is a developer of clean, next-generation battery cell production capacity. The Company's mission is to accelerate the decarbonization of global energy and transportation systems by producing sustainable, cost-competitive batteries.

How much battery capacity does Freyr plan to install in 2025?

FREYR intends to install 50 GWh of battery cell capacity by 2025 and 100 GWh annual capacity by 2028 and 200 GWh of annual capacity by 2030. To learn more about FREYR, please visit [Cautionary Statement Concerning Forward-Looking Statements](#)

Is Freyr battery listed on the New York Stock Exchange?

FREYR listed on the New York Stock Exchange in July. Image: NYSE. FREYR Battery, a European startup developing advanced lithium-ion battery cells for mass production, has signed a 31 GWh off-take agreement with an energy storage system manufacturer.

Why is Freyr a good partner for lithium-ion battery production?

With this step, FREYR has strengthened the Company's position as an attractive industrialization partner of choice for both novel and established Lithium-Ion battery production technologies. FREYR has also made material progress with its conventional production platform strategy.

At the heart of Freyr Digital's suite of Regulatory software prowess lies the knowledge we have gathered over decade.
