Autonomous solution-System operating with solar energy for facade or roof roller shutters-Complete system with : - The T3.5 E Hz DC motor: - Connected to the battery and uses its energy to operate the shutter

3 ???· Balcony solar panels are gaining popularity in Spain, following their success in Germany, where 1.5 million units have been installed. These panels can reduce electricity bills by up to 30% and are easy to install without needing building consent. In Spain, two-thirds of the population lives in apartments, making balcony installations appealing.

WireFree Li-ion Solar Panel Kit (Includes Solar Panel, Brackets, and Glass Mount Adhesive) Harness the energy of the sun! The new Li-ion Solar Panel harnesses solar energy to replenish power for wirefree motorized window shades and blinds.

Use to trickle charge a Somfy Lithium-Ion Battery Pack (9021217). The solar panel is mounted on the inside of the window and converts the sun's light into electrical energy. The harnessed electrical energy is stored within the Somfy Lithium-ion battery pack which in turn powers your Somfy RTS blind motors. Dimensions: 301mm x 40mm x 11mm (WxHxD)

Solar-powered sun shading is driven by an integrated electric motor. The motor is powered by the solar panel. The solar panel captures light and converts it into electric energy, regardless of the sunlight's intensity. The generated energy is stored in the battery. Direct sunlight is not necessary for the solar panel to generate energy.
