Our mission is to accelerate the adoption of clean energy by providing outstanding project financials for solar+storage solutions. We put our customers and partners first by providing them with trust, integrity, and respect. SErVICES.

MUFG will provide programmatic funding to support the current and future construction of Convergent's distributed generation portfolio. NEW YORK, December 10, 2024 - Convergent Energy and Power (Convergent), a leading provider of distributed energy storage solutions in North America, today announced that it has closed a programmatic construction-to ...

About Convergen Energy. Convergen Energy was founded in 2009 to provide solutions for municipal power plants, industrial facilities, and other energy-intensive user institutions, as they strive to avoid sending by-products to landfill, find alternatives to fossil fuel, utilize alternative energy sources, and meet ever-increasing environmental and regulatory requirements.

Convergent Energy and Power manages all aspects of energy storage development for its grid operator, utility, and industrial customers. The company reduces electricity costs, guarantees power quality and reliability, and solves infrastructure problems. Founded in late 2011 with a focus on energy storage project development, Convergent has more than \$500M of contracted ...

Sudan: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO 2 - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions.

NEW YORK, January 11, 2024--Convergent Energy and Power (Convergent), a leading provider of energy storage solutions in North America, announced today that it has over 800 MW / 1 GWh of energy ...

A corporate venture fund set up by oil and gas company Statoil has invested in North American energy storage developer Convergent Energy + Power. Norway-headquartered Statoil set up the US\$200 million energy investment fund Statoil Energy Ventures in February this year. The fund is dedicated to renewable energy and the low carbon transition as ...

Convergent meanwhile, finds its sweet spot in the "mid-market", CEO Ritterhausen said, developing energy storage projects in the commercial space worth around US\$2 million to US\$25 million each, with around 50%

Convergent, which was bought up in summer this year by infrastructure investment group Energy Capital Partners (see here to read an exclusive post-takeover interview with Convergent CEO Johannes Ritterhausen) is going to operate the 21MWh of energy storage, reducing the Shell facilities' draw from the grid, using Convergent Energy & Power's ...

3 ???· Como parte de la agenda Invertir en América de la Administración Biden-Harris, la Oficina de Programas de Préstamos (Loan Programs Office, LPO) del Departamento de Energía de EE. UU. (Department of Energy, DOE) anunció hoy un compromiso condicional para una garantía de préstamo de hasta \$584.5 millones (\$559.4 millones en capital y \$25.1 millones ...

Convergent finances, owns, and operates battery energy storage systems to reduce Global Adjustment charges by "peak shaving," or dispatching the battery when electricity is most expensive. Using electricity from the battery--rather than the grid--during those peaks saves \$450,000/MW at current pricing.

2 ???· Convergent Energy and Power (Convergent), a leading provider of energy storage solutions in North America, today announced that the Company has received a conditional commitment from the U.S. Department of Energy Loan Programs Office (LPO) for a loan guarantee of up to \$559.4 million for its subsidiaries to build a solar photovoltaic (PV ...

Convergent Energy + Power's locally based subsidiary, Convergent Coamo, will own and operate the project which will be located in the southern central Puerto Rico town of Coamo. It is among the first contracts to be awarded to renewable energy and energy storage projects through a tranche of PREPA procurement, which again is part of a number ...

How do job seekers rate their interview experience at Convergent Energy and Power? 87% of job seekers rate their interview experience at Convergent Energy and Power as positive. Candidates give an average difficulty score of 2.8 out of 5 (where 5 is the highest level of difficulty) for their job interview at Convergent Energy and Power.

According to current development trends, WHO predicts that by 2030, approximately 24% of the global population will still lack access to clean cooking fuels and technology [13]. Additionally, the International Energy Agency's Stated Policies Scenario forecasts that under a baseline scenario, around 2 billion people will continue to lack access to clean ...

4 ???· Convergent Energy and Power has closed a programmatic construction-to-term loan, tax equity bridge loan, and letter of credit facility with Mitsubishi UFJ Financial Group (MUFG) that will accelerate the construction of a portfolio of distributed solar and energy storage projects across the United States.. Convergent will receive funding for its near-term distributed-scale ...

Solar energy currently makes up less than 0.1% of Sudan's energy supply; but there is immense potential because there is an average of 8.5 to 11 hours of sunshine per day [Citation 46]. Figure 6 compares solar energy generation in Sudan and other African countries from 2015 to 2019, and shows that Sudan is not capitalising on its potential.

GE Renewable Energy, an arm of the US engineering giant, will supply 100MWh of battery energy storage systems (BESS) to three projects being developed by Convergent Energy + Power in California. The three unnamed projects sit in a US state which has been prolific in its deployment of energy storage, as regular readers of this site will know.
