Built in 1839, Kingston Pier has long been the lifeblood of Norfolk Island. A vital entry point for settlers and supplies, the pier has played a pivotal role in our history. Take a stroll along the pier today and you'll see fishing boats as well as occasional supply ships and tenders. If you love seafood, check out the catches of the day ...

While the Arches can be dated to the 1840s when Norfolk Island hosted a cruel penal colony for twice-convicted prisoners, its purpose is still a matter of debate. The ruin's imposing size and grand design have left historians puzzled as to its function. Some say it was a prisoners' barracks.

The graceful houseplant that we know as Norfolk Island Pine bears little resemblance to the 200" giants that Captain James Cook first sighted in 1774 on the island in the South Pacific that gave the plant its name. A few years later, the British Royal Navy considered these majestic trees for use as mainmasts, when the supply of shipbuilding ...

Located on the west coast of Norfolk Island near Anson Bay, Puppy's Point is known for its spectacular sunsets, with people gathering here for picnics at dusk. As the sun drops beneath the ocean horizon, the sky cycles through a palette of fiery oranges, gold, purple and magenta, slowly easing into twilight.

Entering No. 10 Quality Row is like time-travelling back to 1844, when Norfolk Island had one of the harshest penal colonies in Australia. While the unlucky prisoners of the era were confined to much bleaker quarters, the foreman of local building works, Thomas Seller, got to live in this lovely house, now a museum.
