

Sure solar Australia

Who is sure solar?

That's why I started Sure Solar in 2015, and pulled together some of the best and most experienced people in the solar industry. Our aim is to deliver incredible value to customers, give five-star customer experience, and to raise the bar on solar compliance.

Who is Sun solar Australia?

We are here to help you with solar power needs! Sun Solar Australia is an accredited solar installer company located in QLD. We are committed to providing long lasting and top quality solar power systems for homes and businesses throughout Australia.

How much does sure solar cost?

We want you to encourage your friends to buy a solar power system, and we would love for you to ask Sure Solar to expand your system when you buy an electric vehicle sometime in the next ten years. Founder. Sure Solar. Reviewers report paying: \$5,100 - \$12,633 for depending on hardware choice and installation difficulty (how is this calculated?)

Is sure solar a good company?

Of the three quotes I received, Sure Solar was the most straight forward and transparent. I'd already dealt with other solar companies who had particularly annoying service people, but Nick from Sure Solar was always prompt and professional and respectful of my time. Installation day was easy, and the end product is fantastic!

Who should I trust for solar installation in Queensland or New South Wales?

If you're looking for professionals that you can trust for solar installation in Queensland or New South Wales, Sure Solar are here to help you. Experienced, certified electricians will advise you on which solar panel system is right for your needs. Lower your electricity bill - get a quote today.

How good is suresolar?

Nick and the team from SureSolar did an excellent job with my install. I needed a powerful system installed on a difficult multi-roof house. The consultation process worked through the planning and options really well and despite rain delays the installation team were excellent and over came the challenges my house posed. Thanks SureSolar!
