

# Suriname elion solar

In addition to the solar panels, the installation includes a solar water heater. This energy-efficient system ensures a constant supply of hot water, powered entirely by the sun. The solar water heater not only contributes to reducing energy bills but also supports a greener lifestyle by lowering the household's carbon footprint.

The kit features the signature Elion vandal resistant box housing 2 mighty Elion batteries and solar controller, along with Earthsolar(TM) solar panels, a motion sensor, quality Earthlight(TM) Zeus battens as well as all cabling needed. With easy installation you can start harvesting the sun's energy within hours.
