

Terna systems ab Somalia

TERNA is a technology company delivering hardware and cloud-based software within the area of machine control and automation. Based on in-house developed proprietary technology we maximize productivity at the construction site, increase workplace safety and satisfaction and reduce carbon footprint.

Große Trüme, smarte Applikation Von Anfang an war sowohl Systemair als auch BE-terna klar, dass die gestellten Anforderungen an die Smart App - Produktionsprozessüberwachung sowie Reporting - nicht im Standard sein werden. 90 Standorte in 54 Ländern mit diversen Sprachen sowie spezifische Prozessschritte innerhalb ...

BE-terna was brought on board as a partner for the project, and the decision was made to create a smart app using H5 SDK. Big dreams, smart app From the start of the project it was clear that the requirements that Systemair had to production process monitoring and reporting, would not be solvable with out-of-the-box configurations and adjustments.

Terna Systems is a technology company delivering hardware and cloud-based software within the area of machine control and automation. Our services unlock the full potential of our customers' operations by providing actionable real time data, connected workflows and operator assistance to carry out the work at hand as efficiently and qualitatively as possible.
