

The Gambia raylyst solar

Why should the Gambia invest in solar energy?

To match the rising demand and to provide sustainable and accessible energy to all Gambians, the potential for solar energy investment is immense in The Gambia. The government of The Gambia seeks to increase RE's contribution to 40% from 2% presently in the coming years.

Does the Gambia have a demand tailwind?

The Gambia's absolute electricity consumption and per capita consumption have been steadily increasing since 2000 demonstrating the country's demand tailwinds. This trend is expected to continue in the near-term with a rising population and the continued expansions of businesses.

Is the Gambia a peaceful country?

The Gambia is one of the safest and most peaceful countries in Africa with a high degree of political stability. In the most recent Global Peace Index, it finished #5 in Sub-Saharan Africa out of 44 countries.
