

According to a latest report from market intelligence firm Clean Energy Associates (CEA), the U.S. energy storage system (ESS) battery manufacturing capacity is facing severe challenges. As ...

Agrioltaics combines agricultural production and solar energy generation on the same plot of land. This dual-use approach maximizes land efficiency while offering two major benefits to ...

In the face of volatile energy pricing and grid instability, energy solutions specialist Aggreko is highlighting the potential for battery energy storage systems (BESS) and battery hybrids to ...

Energy storage and all other types of power projects (i.e., other than solar and wind) have until the end of 2033 to start construction to qualify for technology-neutral tax credits at the full rate. ...

Energy Storage Solutions for Manufacturing Facilities In the industrial landscape, the quest for operational efficiency has become more essential than ever. Operations Directors in industrial ...

Le Togo défend sa vision d'une économie solidaire et durable Le Togo a pris part, en qualité d'État observateur permanent, à la 55e session ordinaire de l'Assemblée générale de l'Organisation des États Américains ...

The 500Ah+ large energy storage battery cell technology is rapidly emerging, demanding significantly higher efficiency from thermal management systems. Liquid cooling plate design ...

Le Togo poursuit son ambition de devenir un leader de la transition énergétique en Afrique de l'Ouest, en mettant l'accent sur les énergies renouvelables. Le pays a entrepris des ...

On July 4, 2025, President Trump signed into law the One Big Beautiful Bill Act (the OBBB), which significantly rolls back many of the core tax incentives that clean energy projects have relied ...

Renewable energy storage specialist Apatura said it had received planning consent to build a new grid-scale 560-megawatt battery energy storage system (BESS) near Clydebank in West ...

African Trade & Investment Development Insurance (ATIDI) has announced it is granting a liquidity guarantee to the Sokodé photovoltaic solar power plant project, with a capacity of 62 ...

The announcement comes from the Singapore-based energy trading company, which operates in over 16 countries across Africa, Asia, Europe, and Latin America. According to United Petro Group, the Lomé platform addresses the ...

Togo manufacturing energy storage

On July 4, President Trump signed the "One Big Beautiful Bill." The bill makes steep cuts to solar energy and places new restrictions on energy tax credits that will slow the deployment of ...

The visit focused on XIHO Energy's core product line: the main product customized battery pack covers multi-specification integrated systems such as home energy storage and industrial and ...

Strategic licensing agreement aims to cut costs, expand global reach, and challenge lithium-ion's dominance in long-duration energy storage Invinity Energy Systems is doubling down on cost ...
