The Asian Development Bank (ADB) and the Government of Tuvalu have officially launched a 500 kilowatt solar rooftop system in Funafuti, along with a 2 megawatt-hour battery energy storage system (BESS). This project will provide clean and reliable electricity to Tuvalu's capital and help the country meet its renewable energy goals.

Our Mission. For too long, inefficient metal structures and unreliable solutions have dominated the greenhouse market. We feel it is our responsibility to bring the greenhouse industry into the 21st century by providing a more economically and environmentally sustainable greenhouse than has ever been available before.
