The Spanish Town solar farm in St. Croix, U.S. Virgin Islands--in operation since 2015--received significant damage during the 2017 hurricanes. The plant remained offline for nearly 5 months, while grid repairs were implemented, and production was limited to less than 45 percent of its energy capacity once reenergized. BMR restored the plant ...

U.S. Virgin Islands - Today, the Virgin Islands Energy Office was selected to receive approximately \$62.5 million from the U.S. Environmental Protection Agency through the Solar for All grant program. The funding will be leveraged to develop long-lasting solar programs that enable low-income and disadvantaged communities to benefit from solar power.
