

This article explores how utility-scale energy storage is reshaping the electric grid, what technologies and architectures are leading the market, and how developers and utilities are ...

Like the originals, the newest additions can support power transmission up to 1,500 volts between battery modules in utility-scale and industrial-scale energy storage systems (ESS). The user ...

esVolta is pioneering the electric grid through innovative, reliable standalone energy storage. Focused on sustainability and innovation, esVolta develops, owns, and operates reliable utility-scale energy storage assets ...

With utility-scale projects underway across the region, Trina Storage continues to expand its footprint and support APAC's clean energy transition through safe, high-performing, and future ...

Company profile: e-STORAGE, a subsidiary of Canadian Solar, specializes in the design and manufacturing of battery energy storage system design for utility scale battery storage applications. With the global demand for ...

On July 4, President Trump signed the "One Big Beautiful Bill." The bill makes steep cuts to solar energy and places new restrictions on energy tax credits that will slow the deployment of ...

A new project at Rome's Fiumicino Airport is turning retired electric vehicle batteries into a game-changing clean energy solution. EV Fleet World reported that Nissan has supplied 84 used ...

As the demand for renewable energy surges, Utility Scale Power Storage Solution is becoming essential for stabilizing the grid and enhancing energy reliability. This article dives into the ...

Glint Solar has added a new battery energy storage noise-modelling feature to its utility-scale planning software platform. The new tool is meant to support project developers during early ...

Jinko ESS, a subsidiary corporation of Jinko Solar Co., Ltd., today announced to have secured a 5MWh grid-scale energy storage projects in Italy, marking its official entry into Italy's utility ...

ETC specializes in thermal storage, energetic efficiency, industrial wastes recovery high valuation and advanced materials characterization. Making 24/7 renewables a reality through Thermal Energy Storage. Harvest Thermal ...

Oregon is going forward with the largest solar-plus-storage project in the US, a significant stride toward

Utility-scale energy storage rome

renewable energy infrastructure. The Sunstone Solar project in Morrow County in north-eastern Oregon will integrate large-scale ...

Dive Brief: The New Jersey Board of Public Utilities plans to procure at least 1 GW of transmission-scale energy storage in two competitive solicitations over the next 12 months, it ...

Trina Storage, a global leader of integrated battery energy storage systems (BESS) solutions, has successfully deployed and commissioned its Elementa 2 BESS at two utility-scale power ...

AMEA Power has successfully commissioned Egypt's first utility-scale Battery Energy Storage System (BESS), a 300 MWh facility entirely powered by solar photovoltaic (PV) energy. ...

Zenobe Energy Funding: \$2.9B Zenobe Energy is the largest independent owner and operator of battery storage in the UK. It buys and manages grid-scale batteries for its commercial customers, such as utilities ...

Trinasolar, a global leader in smart PV and energy storage solutions, signed a Memorandum of Understanding (MOU) with Solaris Energy (Pvt) Ltd., a leading solar distributor in Sri Lanka, to ...

TOKYO, July 21, 2025 /PRNewswire/ -- Trina Storage, a global leader of integrated battery energy storage systems (BESS) solutions, has successfully deployed and commissioned its Elementa ...

DLA Piper advised Eletricidade de Timor-Leste on its first utility-scale solar PV and battery storage project with a 100MW capacity, marking a major milestone in the country's renewable ...

About SunChase Power Since its founding in 2015, SunChase Power developed a utility scale renewable energy portfolio with more than 11.5 GW of solar and 3 GW of battery storage projects located in MISO South, ...

In October, Massachusetts' first utility-scale battery project got under way in the town of Sterling--and it's a big one--the largest in New England. Sterling Municipal Light Department (SMLD) is building a 2-megawatt, 3.9 ...
