

# Voltronic power Burundi

Who is voltronic power?

Voltronic Power will continue to focus on designing, manufacturing, marketing, and introducing a complete line of UPSs, inverters, and solar power products to satisfy power market demands with increasing market shares. Being the only 100% ODM manufacturer, we do not have our own brand, and do not compete with customers in the markets.

What products does voltronic power technology offer?

It offers UPS, mobile cards, PV inverter, solar charge controller, and other products. Voltronic Power Technology NT\$18.95 b in annual revenue in FY 2023. See insights on Voltronic Power Technology including office locations, competitors, revenue, financials, executives, subsidiaries and more at Craft.

Is voltronic power a FTSE4Good tip?

the FTSE4Good TIP Taiwan ESG Index confirmed by FTSE Russell. Voltronic Power is committed to operating in only 100% ODM in the UPS and solar inverter industry. We do not have our own brand, we do not compete with our customers in any market segments. Corporate information, news wire, new product launch information.

Why should you choose voltronic power?

From raw materials to finished products, Voltronic Power guarantees reliable product development and stable manufacturing quality. To deliver international quality products, Voltronic Power had been certified by following policies :

Is voltronic Power ISO 14001 certified?

For Environmental Safety Management, Voltronic Power has certified with ISO 14001:2015. In the future, Voltronic Power continues to follow existing rules and regulations, and to be certified by different international rules and regulations.

Voltronic Power is committed to operating in only 100% ODM in the UPS and solar inverter industry. We do not have our own brand, we do not compete with our customers in any market segments. News. Corporate information, news wire, new product launch information.

Axpert VM 4 is the fourth-generation off-grid inverter with rich new functions. In addition to enhanced charging power, Axpert VM 4 also comes with a built-in Wi-Fi function, mobile monitoring can be carried out through mobile applications.

InfiniSolar WP LV Premium is an IP65-graded hybrid inverter with two MPPTs and a 10000-watt continuous output power. Designed with door-type cable compartment as user-friendly wiring area, it's simple enough to install by yourself.
