inquire about Nordex SE's involvement in renewable energy projects in occupied Western Sahara. A report published by the Moroccan government in relation to its 2024's Finance Bill details the ...

The Nordex Group has secured an order for a total of approximately 300 MW for a wind project in the USA. The Nordex Group will supply 67 N155/4.X turbines for the El Sauz wind farm located in Texas. The order also includes a Premium Service contract for the turbines covering a period of 5 years.

Resolution of the Western Sahara issue would contribute to the security, stability and prosperity of the whole region, and in doing so would combat the rise in Islamic fundamentalism and extremism that feeds off grievances and poverty. 17 years later, this Moroccan initiative remains the only realistic, credible, forward-looking plan for the ...

WSRW wrote Nordex on 31 October 2023. WSRW has not yet contacted the other companies mentioned in this article. Through its roll-out of massive energy projects in occupied Western Sahara, Morocco becomes more economically connected to, and dependent on, the territory it holds under illegal, military occupation.
