So far, Winsol has been able to establish itself in this field and carry out numerous projects. The company has not only focused on classic photovoltaic systems, but has also developed and developed innovative ...

In top-mounted or front-mounted outdoor blinds, the design of the cassette is very important. So we pay a lot of attention to that. Our advisers will always propose the most suitable cassette for you. And thanks to the straight or rounded housing, there is always a SolFix outdoor blind that matches the style of your home.

The motor is powered by solar energy, which is generated by the 2 subtly integrated solar panels. ... Only Winsol supplies this higher performance motor! Made to measure for your home. 5 cassette sizes. We fully customise your SolarBox solar roller shutters for you in our Belgian factory. Depending on the surface area of the window, the roller ...

The Luno housing is compact and therefore takes up very little space on your facade. Its very rounded design also differs from the sleeker shapes of the Lumisol, Linasol and Squaro awnings. Luno has an elegant appearance and is therefore very suitable for classic and country homes.. And thanks to the closed cassette, your awning will last longer. This is because the mechanism ...

Timber Seasoning Kiln comprises of chambers, made out of the best quality material like MS steel sections with great resistance against corrosion. The kiln avoids the heat transmission loss as it discontinues the flow of steam and heated oil. In comparison to conventional pressurized steam heated kiln with boiler, our seasoning kilns require less maintenance.
